The Book Display & the Paper Exchange

Both the book display and the paper exchange are in the Wilshire Room. (Presenters should give extra copies of their papers to the conference staff when they register.) Papers are on sale for \$1 each; a file of paper abstracts is also kept at the conference headquarters desk.

Guidelines for Panel and Colloquy Moderators & Presenters

- Start promptly!
- Reserve at least 30 minutes for discussion open to the audience.
- Panelists have only 12 minutes if there are four papers (15 minutes if there are three) to present their research question, methodology, major findings, and any conclusions they have drawn—and reading papers is absolutely not acceptable.
- Moderators should warn presenters when they have 5 minutes left of their time and again when there is only 1 minute left of their time.
- Remarks by panel moderators — to introduce the topics or the panelists or to summarize what was discussed — may not exceed 12 minutes if there are four papers (15 minutes if there are three).

Some Definitions

A *panel* is ... formal consideration of an issue through the presentation of several papers followed by relatively structured discussion among the papers presenters and the audience.

A *colloquy* is ... formal discussion of an issue.

A *roundtable* is ... informal discussion of an issue over breakfast that is open to anyone who wishes to join in (and a good way to meet people who share your interests).

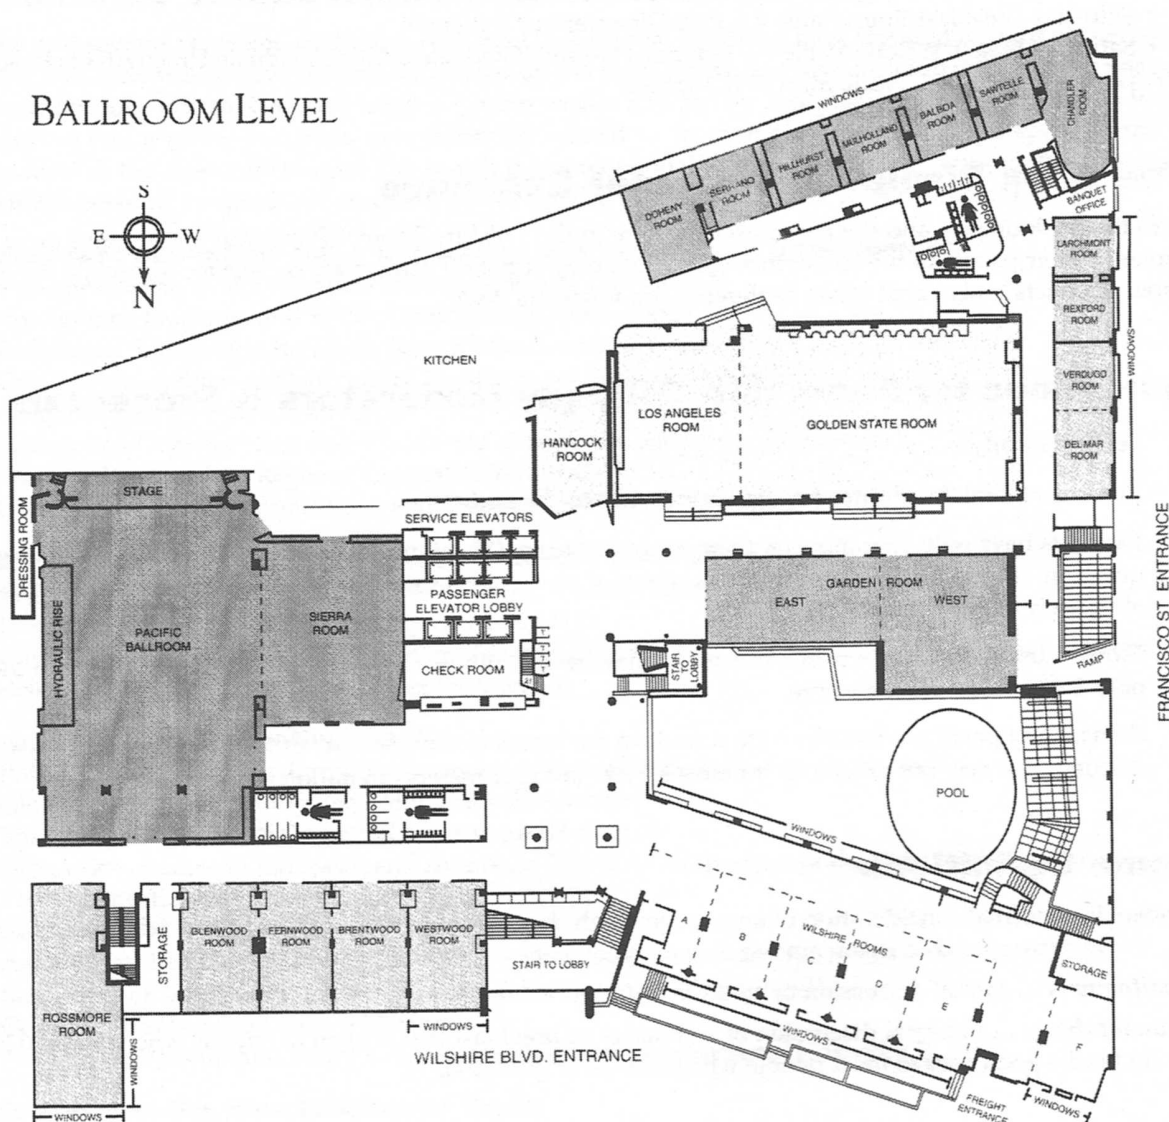

& Some Odds and Ends . . .

Everyone who pre-registered by April 30 was mailed a receipt. If you did not get one — or if you've lost it and need another — go to the conference headquarters desk and ask for one.

You can buy guest ticket(s) at the conference headquarters desk if you'd like to bring a guest or guests to one of the receptions or other special conference events.

Your candid responses to the conference evaluation forms are of great importance to us — please complete yours and leave it at the conference headquarters desk before you leave the 30th Annual Meeting.
